

2010 CAPB Conference Saint John, New Brunswick August 18 to 21, 2010

“NAVIGATING THE WAY TO AN AFFORDABLE, EFFECTIVE, FUTURE”

Conference Theme

Police boards today are challenged to meet rising demands, both public and legislated, with diminishing resources. At the 21st Annual CAPB conference we will address pressing issues faced by police boards as they navigate the complexities of providing adequate, effective and affordable policing for their citizens. CAPB will explore effective management and leadership strategies in times of economic uncertainty.

Planned sessions will include:

- Negligent police investigation and the cost of liability it produces;
- Escalating cost of jurisprudence and standards of law enforcement;
- The underlying economics of crime reduction plans;
- Managing community expectations;
- Capitalizing projects; and
- Collective bargaining processes.
